

## **Way Support, Donations, and Sponsorships Help PSCF NGO Worldwide**

The Peace Sports and Culture Foundation (PSCF) is committed to promoting peace, unity, and justice through sports, culture, and educational activities across the world. Every contribution—whether through donations, sponsorships, or partnerships—directly supports our mission and creates lasting impact.

### **How Support Helps:**

Peace Sports Leagues & Festivals – Sponsorships and donations fund international peace leagues in cricket, hockey, football, wrestling, and other sports, promoting harmony and friendship among nations.

Cultural Events & Festivals – Support helps us organize cultural programs, art, music, and traditional events that highlight unity in diversity.

Talent Hunt Programs – Contributions provide opportunities for youth to showcase their talent worldwide and gain scholarships, training, and international exposure.

Peace Conferences & Seminars – Donations allow us to host international peace conferences and seminars that spread awareness and build strong networks for peace.

Community Development – Sponsorships help in establishing sports complexes, peace villages, educational projects, and health initiatives for underprivileged communities.

International Participation – With support, we can invite and host international teams, artists, and organizations, building a bridge of friendship and cooperation globally.

Sustainability of PSCF Programs – Contributions ensure that our projects are continuous, transparent, and impactful for present and future generations.

Your Partnership Matters

By donating or sponsoring, you are not just supporting an NGO—you are joining a global movement for peace through sports and culture. Together, we can inspire millions, break barriers, and build a peaceful tomorrow.
