## CHAIRPERSON'S MESSAGE

"At the heart of PSCF is a simple but powerful belief: that sports and culture can bring peace where words cannot. In every match played, in every song sung, in every cultural story told—we find a shared human experience. We do not see borders; we see bridges.

Our vision is not limited to stadiums or stages—it extends to classrooms, communities, and countries. Through our efforts, we aim to inspire youth, connect nations, and transform perceptions.

We are proud to represent Pakistan and International Family on this journey of peace, and we invite the world to walk with us—not just as spectators, but as participants in a global movement for unity. Together, we can build a world that plays together, dreams together, and most importantly, lives together in peace."
